Technical Skills & Expertise

Android App Development

Modern Web Design

Cloud Integration

Software Testing

Java

Kotlin

Python

HTML

CSS

JavaScript

Firebase

REST APIs

MySQL

Git

Beyond these, I possess a strong aptitude for quickly mastering new technologies and a passion for continuous learning.

Languages & Future Learning

English

Hindi

Marathi

Arabic

Urdu

Telugu

Always keen to expand my linguistic repertoire.

Certifications

Software Testing

Git & GitHub

Operating Systems

Android Development

For a comprehensive list of my certifications, please visit my [LinkedIn profile](#).

Profile Summary

A forward-thinking and performance-driven tech developer with hands-on expertise in Android app development, modern web technologies, cloud solutions, and software testing. Currently pursuing a Bachelor of Engineering in Computer Science (2023–2026) from Solapur University with a strong academic record and certifications in Software Testing, Git & GitHub, Android Development, and Operating Systems. Proficient in Java, Kotlin, Python, HTML, CSS, JavaScript, Firebase, REST APIs, MySQL, and Git, with a passion for building intuitive, scalable, and well-designed digital products. Comfortable working with AI-based integrations and automation tools to enhance app functionality and user experience. Known for writing clean, maintainable code, solving complex problems creatively, and delivering UI/UX-rich applications. Fluent in English, Hindi, Marathi, Arabic, Urdu, and Telugu, with excellent communication, collaboration, and adaptability skills. Recognized as a fast learner with a sharp eye for detail, capable of thriving in fast-paced environments while consistently delivering high-impact, future-ready tech solutions.

Projects

Event Vendor System

A smart Android application designed to efficiently manage various event services, streamlining vendor interactions and service bookings.

Blood Bank Management System

A responsive web-based system for tracking blood donors and managing blood inventory, ensuring efficient and timely blood availability.

Islamic All-in-One App

An Android app featuring Quran, Prayer Times, Qibla, and Tasbeeh with a clean UI and smooth user experience.

Personal Portfolio Website

A sleek, modern full-stack portfolio website showcasing projects, skills, and contact—built with cutting-edge web technologies and designed for professional impact and responsiveness. [Visit](#)
